

Key Features

- Allows for maximum racking space
- Advanced electronic display system
- Available with our active humidity option
- Is virtually invisible in the cellar
- Easy installation and accessibility
- Includes a condensate pump system
- Grille of unit comes with a smooth, primed finish

Features

At WhisperKOOL, we have created a Ceiling Mount split system evaporator. Cellar contractors have asked for a design that does not take away from the racking capacity and is virtually invisible in the cellar. Utilizing our Ceiling Mounted evaporator has many benefits: It offers excellent efficiency by drawing in the warmer air which accumulates at the ceiling, cools and disperses the air throughout the environment, allows for maximum racking space, and is virtually invisible in the cellar. Designed with the highest quality, professional grade parts for longevity and performance, it also offers ease of installation and accessibility. It includes a condensate pump system, and is available with our Active Humidity option. The grille of unit comes with a smooth, primed finish, excellent for painting and color matching. Creating a cellar environment with our new Ceiling Mount Split System will offer the flexibility to design a beautiful environment for the aging of fine wines with a virtually invisible cooling system. Included is the quality and reliability that contractors have come to know from WhisperKOOL.

Specifications

| | | |
|--|--|----------------------------|
| Model | 4000 | 8000 |
| Cellar Size | 1000 | 2000 cu. ft. |
| BTUh w/90° air entering the Condenser Coil | 3650 | 6206 |
| CFM | 321 | 321 |
| Dimensions | 35.75"L x 14.5"W x 12.75"H | 35.75"L x 14.5"W x 12.75"H |
| Refrigerant | R-134a | R-134a |
| HP | 1/3++ | 1/2 |
| Voltage Rating | 115V or 230V | 115V or 230V |
| Weight | 80lbs | 80lbs |
| AMPS (starting/running) | 32.7/7.2 | 48/9.5 |
| Drainline | 1/4" Condensate | 1/4" Condensate |
| Installation | Evaporator Unit (Fan Coil Unit) is installed through the cellar ceiling, condenser is installed up to 100 ft | |
| Thermostat | Digital Control Display | |
| Temp. Delta | 55°F temperature differential between the cellar temperature and condenser air intake temperature. | |
| Warranty | 2 year parts and labor | |
